To Whom It May Concern:

I am writing this letter to endorse Rhino Systems as a superb stucco contractor. I first met and hired Rhino Systems in 1995 for a home I was building in Fairplay, CO. As VP Project Manager at US HOME, I hired Rhino Systems for all our stucco work on our Semi-Custom Homes (Laureate Homes) from 1996 to 2002. Rhino System also was our stucco contractor on our Denver HBA Parade of Homes projects. In total Rhino System complete approximately 80 stucco homes for US HOME. Rhino Systems ethics, diligence, expertise and quality of work set them apart from all the other stucco companies in Denver. Bill Moore the owner of Rhino Systems is a highly knowledgeable, dedicated, honest and always stands by his work.

If you have any further questions about Bill Moore (Rhino Systems) , please feel free to contact me.

Sincerely,

Michael Seth Rothschild
